Adult & Adolescent Medicine

Our office specializes in personal medical care for young adults, adults and “golden years” patients. We use time honored diagnoses based on a thorough patient history and physical followed by directed testing to help confirm clinical suspicion. We serve patients throughout Carbon, Emery and Grand counties.

Services

• Acute, hospital and critical care
• Colonoscopy
• Lesion removal and minor surgical procedures
• Physicals

Care For:

• Asthma
• Diabetes
• Cholesterol
• Hypertension
• Cardiac conditions
• Osteoporosis
• Pulmonary conditions
• Thyroid conditions

American Fork Surgery Center

Revere Health is a high quality, competitively priced, patient-response surgical facility located at the Clinic’s American Fork campus. Our facility features skilled staff where local surgeons can provide outpatient and same-day surgery.

Specialties & Services

• Ear, Nose & Throat
• Gastroenterology
• Endoscopy
• Colonoscopy
• Gynecology
• Orthopedics & Sports Medicine
• Plastic, Reconstructive & Hand Surgery
• Podiatry

Lower Costs
The surgical facility fee, at thousands of surgery centers throughout the nation, averages approximately 40 percent less than in a hospital setting. The cost to use the operating or procedure room, which is separate from surgeons’ fees, will be competitive to Provo or Salt Lake area facilities.

Choice
Physicians and patients now have a choice in northern Utah County of where they want to have their surgery performed. Having a choice means more competitive fees, and better responsiveness to patients’ needs.

Affordable
A surgical center is specialized. Financially separate from a hospital, its overhead is much lower and allows savings to be passed on to the patient. For most procedures, there is an all-inclusive, clearly identifiable facility charge so patients will have a better understanding of costs before surgery.

Dependable
Scheduled surgery times are not likely to be delayed or bumped by non-related emergencies. Turn-around time between surgeries is as much as three times faster than at hospitals, which means less waiting for patients and family members.

Comfortable
Patients and their families can relax in a pleasant environment. The personal setting of the surgery center can make children more comfortable.

Insurance Approved
Many insurance companies and employers actually favor outpatient surgery. Some tailor reimbursement schedules as an incentive to use an outpatient center. Revere Health American Fork Surgery Center accepts most insurances as well as Medicare and Medicaid.

The Clinical Research Department at Revere Health is dedicated to performing clinical trials that are beneficial to our patients. We strive for perfection and efficiency in completing trials to provide the highest quality of care and report accurate and dependable data to the scientific community. We do this in hopes of furthering the medical knowledge of our society and providing better treatment options for our patients.

The department provides qualified, trained and experienced research staff. We offer competitive reimbursement rates to investigators for their oversight of the clinical trial and for the study related procedures performed during the trial.

Charles Dahl, MD
Medical Director
Dermatology & Skin Cancer

Our experienced providers share an academic expertise with a collaborative approach that puts our patients’ needs first. Our focus includes surgical dermatology, skin cancer, pediatric dermatology and general dermatological issues and conditions. We provide cutting-edge diagnostics and treatments to help our patients maintain good health and great skin.

Services

- Skin cancer screening and treatment, including Mohs micrographic surgery
- Pediatric skin care and treatment
- Mole evaluation and removal
- Rash diagnosis and treatment
- Excision of cysts, lipomas and other tumors

Revere Health’s Laboratory is CLIA certified. We take pride in turning around results quickly. We only use registered Medical Technologists who have a bachelor’s degree to perform lab testing.

Services

- Clinical lab testing
- Phlebotomy services
- Management of esoteric testing requests
- Lab collects specimen for any patient who sees a clinic physician, regardless of insurance
- STAT results are available in 30 minutes for in-house testing. 98% of in-house results are released by 9 p.m. that day, remaining 2% are out by noon the following day.
- Phlebotomists collect specimens in Payson, Orem, American Fork and main campus in Provo. Patients choose most convenient location.
- Unless actual incubation time makes it impossible, we offer 30-minute turn around on STATs.
- Our EMR allows physicians to access results at his or her fingertips.

Pharmacy

Revere Health Pharmacy is a full-service pharmacy located at our main campus in Provo. The pharmacy provides an impressive array of prescription and patient care services. Advanced technology provides our staff with enhanced filling capabilities ensuring that prescriptions are ready and waiting when patients arrive at the pharmacy, with both the convenience of drive-through and walk-in service. In addition to prescription medications, the pharmacy also provides a large selection of over-the-counter products. Our latest innovation is the Rx To You program - an easy way for patients to receive their medications through the mail. Revere Health Pharmacy will match all competitors’ prices on brand name drugs. Save time and hassle with our price match guarantee.

Services

- Auto-refill program
- Therapeutic interchange
- Specialty compounding
- Medication synchronization (all medications on the same refill schedule)
- Price matching on name brand drugs
- Fast fill times

Christopher Roller, Pharm-D

Radiology

We have extensive training and experience in subspecialty areas including musculoskeletal, neuroradiology, vascular, interventional, women’s imaging and body imaging including CT, MR, ultrasound, nuclear medicine and x-ray. We take pride in our exhaustive networking, which allows comparison with previous exams done elsewhere. Our group is committed to quality and providing value-added services to our referring physicians. We provide our patients ease of scheduling, courteous, respectful and efficient care and rapid report turnaround to expedite treatment decisions.

- Inter-facility linkage between hospitals and imaging centers provides diagnostic interpretations rapidly and efficiently, and allows consultation among group members and referring physicians
- Available for phone or personal consultations
- Our goal is to have a full, written report available within a few hours of the completion of exam
- Exclusive radiology group to provide services to all Central Utah Imaging Services
- Radiology services for area hospitals
- Coverage associations with many health care providers throughout Utah
Our Sleep Disorders Center, located in Provo and Lehi, helps patients live a healthy lifestyle through the diagnosis and treatment of sleep disorders. The center is under the direction of John Staheli, MD board certified in Sleep Medicine. As an accredited center, we follow the guidelines set by the American Academy of Sleep Medicine (AASM) and have a team of experienced, knowledgeable professionals who evaluate each patient’s situation and help them achieve their healthiest sleep possible.

Services
- Polysomnograms (baseline, split-night and titration studies, adult and children 3 and older)
- Home sleep studies
- Positive airway pressure Therapy (CPAP/Bi-level/ASV) for the treatment of sleep apnea
- PAP NAPS (Daytime PAP therapy desensitization procedure. This procedure is for patients having issues with their machine, mask or staying compliant.)
- MSLT (narcolepsy/hypersomnia testing)
- MWT (maintenance of wakefulness test)
- We accommodate night workers/day sleeper
- Insomnia counseling
- Monthly CPAP support group
- Referral system for surgical evaluation
- Overnight oximetry
Regardless of your athletic ability, our physical therapists work closely with our network of physicians and surgeons to make sure you are meeting your health goals. We also offer care for a variety of conditions including orthopedic surgery rehabilitation, back and neck care, upper extremity and hand therapy, sports acceleration and cardiac conditioning. We even have treatment options that can be done from home.

Services
- Orthopedic rehabilitation
- Sports acceleration
- Geriatric strengthening
- Back and neck care
- Cardiac conditioning
- Upper extremity

The Revere Health Thyroid Center in Provo and American Fork offers patients a comprehensive approach to treating a wide range of thyroid and parathyroid disorders. Our ENT surgeons have practiced minimally invasive thyroid and parathyroid surgeries for years.

Your evaluation by our experienced Endocrinologist will be complemented with on-site thyroid ultrasound and ultrasound-guided biopsy of thyroid nodules. We use genetic testing on biopsies of thyroid nodules to avoid unnecessary surgery.

Services

- Thyroid nodules
- Hypothyroidism
- Hyperthyroidism
- Hyperparathyroidism
- Hypercalcemia
- Goiters
- Hashimoto’s disease
